# SILVERLINE PRESTIGE SCHOOL

## Annual Report: 2024–2025

*Empowering Excellence, Nurturing the Future*

### About us

Silverline Prestige School came into existence with a vision of providing futuristic education. It is one of the premier institutions in Ghaziabad imparting holistic quality education.

We give every Silverliner value-based roots with wings to fly high and at the same time stay grounded. We deeply believe in nurturing young minds to create responsible 'Global Citizens' of tomorrow.

Silverline Prestige School is established and run by Silverline Educational Trust, Ghaziabad. It is affiliated with CBSE, Delhi.

### Essence of Silverline

Education has no limits or specific boundaries. The essence of Silver Line lies in striking the right balance between academic and co-curricular activities for the total personality of the child. Right from the day the school started its journey towards '**Education Beyond Tomorrow**,' the comprehensive assessment of the child included the student's school profile, health status, academic performance, personal and social qualities, attitudes and values, co-curricular activities, and attendance.

At Silverline, we believe in the philosophy of continuous improvement, where all systems and techniques are under constant scrutiny for incorporating the latest and relevant methodologies to achieve and maintain academic excellence.

*Gita Joshi*  
Principal  
Silver Line Prestige School  
A-2/1, Buland Shahr Road  
Indl. Area, Ghaziabad-201002 (U.P.)

## School Vision

With a vision rooted in social responsibility and a commitment to delivering *Education Beyond Tomorrow*, Silverline Prestige School was Founded by Dr. Subhash Jain—a revered philanthropist and one of the most distinguished tax consultants in Northern India—and the school has since carved a niche for itself as a beacon of academic excellence and innovation.

Over the course of nearly three decades, Silverline Prestige School has built a legacy defined by academic rigour, holistic development, and a forward-thinking approach to education. It continues to foster an environment where every child is empowered to discover and reach their full potential.

Recognized as one of the six Google Reference Schools in India and equipped with state-of-the-art infrastructure, Silverline Prestige School stands as a premier institution. It remains unwavering in its pursuit of excellence, contributing meaningfully to the advancement of quality education through its exemplary practices and transformative impact.

Silverline Prestige School is equipped with cutting-edge infrastructure designed to provide a safe, comfortable, and inspiring environment for learning. Our air-conditioned classrooms are digitally enabled with Interactive Flat Panel Displays (IFPDs), enhancing teaching-learning interactions and making classroom delivery seamless and technologically advanced.

*Gita Joshi*  
Principal  
Silver Line Prestige School  
A-2/1, Buland Shahr Road  
Indl. Area, Ghaziabad-201002 (U.P.)

All classrooms are supported by a robust digital repository of learning resources. Teachers integrate visual presentations, simulations, and interactive content to deepen understanding and engagement. Classroom practices are enriched through activity-based learning, differentiated instruction, formative assessments, and real-time feedback. Timetables include regular sessions in communication, critical thinking, and collaborative tasks—equipping students for academic success and beyond.

We also have our own school infirmary, which is equipped with a full-time nurse, first-aid materials, and a tie-up with nearby hospitals for emergencies. Regular medical checkups and vaccination camps are conducted to monitor student health.

Our fleet of air-conditioned, GPS-enabled school buses ensures safe and efficient transportation for students. Manned by trained drivers and lady attendants, our buses are compliant with all safety norms, including CCTV surveillance, speed governors, and real-time monitoring for parental assurance. Routes are meticulously planned to ensure minimal travel time and maximum convenience.

## Curriculum

Our academic journey is thoughtfully structured into three distinctive wings—Pre-Primary, Primary, Middle & Senior School— each offering a progressive, age-appropriate curriculum designed to foster curiosity, creativity, and critical thinking.

### Pre-Primary Wing (Early Years Foundation)

The CREATE curriculum is at the heart of our Early Years Program. It is child-centric, play-based, and developmentally appropriate. Through storytelling, structured play, rhymes, dance, music, and art, children are introduced to foundational concepts in literacy, numeracy, environmental awareness, and personal-social development.

### Primary Wing (Grades I–V)

The curriculum continues to be anchored in CREATE and integrates Design Thinking across subjects. Children are encouraged to question, explore, and ideate. Activities such as storytelling with morals, project-based learning, and visual thinking strategies help nurture creative problem-solvers and effective communicators.

### Middle & Secondary Wing (Grades VI–XII)

In the middle and senior years, academic rigor is balanced with innovation. Our curriculum is fully aligned with CBSE norms while integrating 21st-century competencies—critical thinking, collaboration, communication, and creativity. Design Thinking challenges and cross-curricular projects are embedded into learning plans.

Indl. Area, Ghaziabad-201002 (U.P.)

## Academic Calendar

A comprehensive academic calendar including all the in-house competitions, activities, and events is planned and shared with the students, and the same is uploaded on the school website.

## State-of-The-Art Laboratories

At Silverline Prestige School, our state-of-the-art laboratories are centers of hands-on discovery where theory meets practice. The Physics, Chemistry, and Biology labs are equipped with advanced tools and apparatus that foster scientific inquiry, analytical thinking, and a deeper understanding of natural phenomena. In our Computer Labs, students engage with modern programming languages, AI-integrated tools, and CUET-prep modules in a tech-forward environment. Meanwhile, the Mathematics Lab transforms abstract concepts into interactive experiences through 3D models, logic games, and hands-on activities. Together, these labs exemplify our commitment to experiential, inquiry-based education that inspires innovation, critical thinking, and academic excellence.

Enhancing learning  
using Physics Lab

Students clarifying complex  
concepts in Chemistry lab

Comprehensive learning in Math lab

Students exploring the building  
blocks of life in Biology lab

## Expressions: The Studios

One of our most distinctive features, **the Expression Lab**, is a multidisciplinary space where innovation, design, media, and craftsmanship intersect. Students across all grades explore their creative and entrepreneurial potential in these specialized studios.

The **Design Studio** engages learners in calligraphy, origami, craft design and advanced painting under the guidance of professional mentors, working on real-life projects like invitation cards and wall murals.

**The Paper Mâché Studio** promotes sustainability through creative recycling, allowing students to craft bags, décor, and artifacts from discarded paper.

In the **Pottery and Sculpture Studio**, students explore hand-building and wheel techniques with clay, expressing themselves through 3D art.

The **Woodworking Studio** nurtures patience and precision as students design and build functional wooden items.

In a combined space, the Rendering and Mechatronics Studios enable modeling, prototyping, and robotics integration, empowering students to bring innovative concepts to life through design simulations and hands-on construction. The VR Studio immerses learners in virtual explorations—from navigating the solar system to walking through the Mughal Empire—enhancing conceptual understanding through experiential learning.

**The Podcast Studio and Audio-Visual Room** support students in scripting, recording, and editing high-quality podcasts on varied subjects using professional-grade equipment. Budding musicians and performers use the Recording Studio for vocal training and instrumental performances, which also supports the school's Performing Arts programs. Post-production skills are honed in the Video and Audio Editing Rooms, where students use software like Adobe Premiere Pro, Audacity, and DaVinci Resolve, equipping them with essential media literacy and technical expertise. These vibrant spaces empower students to explore their passions, hone their talents, and develop essential

**21st-century skills.** By engaging in hands-on learning, students are inspired to think critically, collaborate effectively, and grow into confident, creative entrepreneurs of tomorrow.

## Visual and Performing Arts:

We wholeheartedly embrace the transformative power of the arts as a vital component of holistic education. Our **Visual and Performing Arts** departments offer dynamic platforms for students to explore their creativity, cultivate technical proficiency, and develop confidence through self-expression.

In the **Visual Arts**, students engage with a diverse range of media, including drawing, painting, printmaking, screen printing, and lithography. As their skills progress, they are introduced to advanced techniques such as calligraphy, artistic lettering, and elements of jewelry and fashion design. Additionally, sublimation printing on T-shirts, mugs, and accessories empowers students to merge artistry with functionality, creating pieces that are both expressive and practical.

Music, dance, and drama are an essential part of school life. Students receive training in Indian classical and contemporary dance forms, instrumental and vocal music, and theatre arts.

Performances are held during special assemblies, national festivals, and our grand **annual showcase, 'TARANG,'** on October 26th, 2024.

The **school band** regularly participates in inter-school and state-level competitions.

Beyond the notes, mixed band orchestrating a symphony of skills

### Silverline School of Sports:

Silverline Prestige School offers extensive sports infrastructure that promotes physical fitness, discipline, and teamwork.

*Gita Joshi*  
Principal  
Silver Line Prestige School  
A-2/1, Buland Shahr Road  
Indl. Area, Ghaziabad-201002 (U.P.)

The school ground is designed for multiple sports, including archery, volleyball, football, basketball, netball, etc. We also have an indoor games arena for table tennis, chess, and carrom. The skating rink and dedicated yoga zone are popular with all age groups.

Professional coaches conduct regular training sessions. Our students have represented the school in district, state, and national-level competitions.

Annual sports meets, friendly matches, and inter-house tournaments are held throughout the year to encourage sportsmanship and camaraderie.

Yoga and mindfulness sessions are integrated into the physical education curriculum, supporting mental well-being and focus.

## Social Emotional Learning (July 16, 2024)

The well-being of our students is a top priority. Our full-time school counselor facilitates regular sessions focusing on social-emotional learning, resilience, empathy, and coping skills.

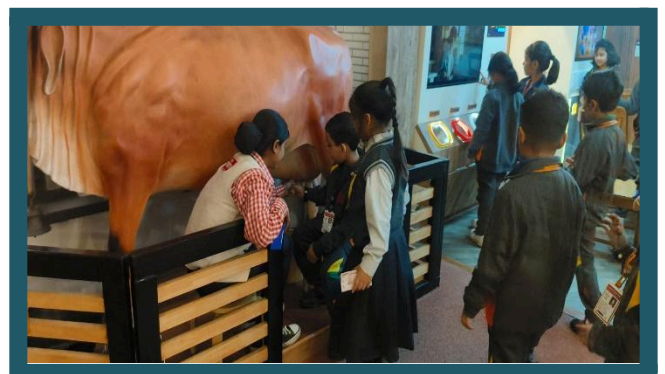

At SLPS, we recognize that a child's personal, social, and emotional development is foundational to lifelong success and well-being. When nurtured in a safe, supportive, and emotionally enriching environment, children develop the resilience, self-confidence, and interpersonal skills necessary to navigate life's challenges with strength and empathy. Every child in our care is seen, valued, and deeply supported—ensuring they feel a strong sense of belonging and emotional security. To uphold this commitment, we implement regular, thoughtfully designed interventions for both students and parents, fostering open communication, emotional literacy, and shared responsibility in the child's developmental journey.

Navigating life's melodies: Building emotional quotient

## Outbound Learning Experience (December 10, 2024):

At Silverline Prestige School, learning is not confined to textbooks or classrooms. Students participate in educational tours, heritage walks, nature camps, and adventure treks, which instill independence, curiosity, and awareness.

Students enjoying school excursion at KidZania

## Learning Beyond Classroom

Programs such as career fairs, entrepreneurship bootcamps, and life skills workshops prepare students for the world beyond school.

**Siddhi (February 2, 2025)** - Culmination of a year-long design thinking process wherein the children showcase their innovative projects and ideas, celebrating the joyful learning.

Showcasing the next generation problem solvers and innovators

**Student-Led Conference (SLC):** A platform where students take the lead in sharing their learning journey with parents is held twice a year .

**Student Council :** Providing students with a voice, promoting leadership, enhancing school spirit, & fostering responsible citizenship

**PBL (Project-Based Learning):** Students work year-long on interdisciplinary real-life challenges, building collaboration and critical thinking.

Hydroponics lab: Students cultivating plants and a passion for sustainable solutions

**Model United Nations (July 26, 2024):** Through simulation of UN proceedings, students learn diplomacy, negotiation, and global citizenship.

**Bal Sansad (August 7, 2024):** Held for the first time in the year 2024-25, it is a democratic forum for primary students to understand civic responsibility and participate in school governance.

Bal Sansad: A unique way to nurture leadership, communication & collaborative skills

## Career Counselling

**Career Guidance & CUET Coaching:** Personalized guidance for streams, subjects, and universities is offered throughout the session, along with dedicated CUET preparation classes for Grades 11 and 12.

The School had organized impactful one-on-one and group career counseling sessions for Grades 11–12, led by esteemed career expert **Dr. Shunil Tripathi**. These sessions helped students explore career pathways aligned with their interests and strengths. Through the Parent Connect initiative, Dr. Tripathi also engages parents in meaningful discussions to support informed decision-making. The sessions were highly appreciated for their clarity, guidance, and relevance in today's dynamic career landscape.

Parent orientation session for college admission

## Community connect: Building responsible architects of tomorrow

Community outreach is an integral part of life at Silverline Prestige School. Students are encouraged to develop empathy, compassion, and a strong sense of social responsibility through structured community engagement programs.

Our **Interact Club of Silverline Prestige School**, sponsored by the Rotary Club of Smart City Ghaziabad (Rotary International District 3012), spearheads numerous initiatives conducted year-long, including blood donation drives, cleanliness campaigns, tree planting, and awareness rallies, giving back to society. Under “Project Sanrakshan” our Interactors distributed ‘Cycle Reflectors’ to the cyclists for their safety.

*Gita Joshi*  
Principal  
Silver Line Prestige School  
A-2/1, Buland Shahr Road  
Indl. Area, Ghaziabad-201002 (U.P.)

**Health Check-ups (May 6, 2024):** We conduct regular health check-up camps for support staff, acknowledging their contribution and ensuring their well-being.

**Donation Drives (November 21, 2024):** Students organize donation campaigns for clothes, books, and food supplies, which are distributed to the underprivileged sections of society. These activities help students understand the value of gratitude and giving back.

**Silverliners participated in Rotary Youth Leadership Awards (March 28-30, 2024)**

Avni Vashisht won Miss Ryla Interactor and Second prize in Tug of War Kartik Saraswat won the first prize in relay race Mayank Pant won Second Prize in relay race

## Global Connect

***The Global Connect Program*** includes a vibrant exchange initiative with educators from Bhutan. Through this program, teachers shared innovative skills and teaching pedagogies, fostering cross-cultural collaboration and professional growth. Students benefit immensely as they are exposed to diverse learning methods, broadening their perspectives and enriching their educational experience.

Three of our esteemed Google Certified trainers from Silverline Prestige School had the honour of visiting Taiwan (November 14-16, 2024), where they showcased their skills and innovative teaching practices. During this global educational exchange, they collaborated with educators from around the world, sharing insights and learning new approaches, further strengthening our commitment to excellence in education.

## Workshop for students

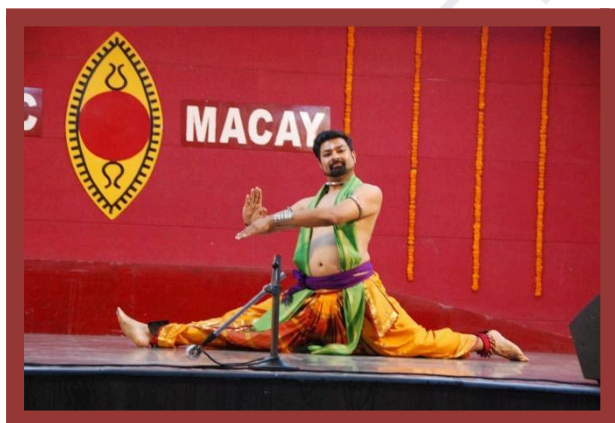

Understanding the significance of digital safety, our school regularly hosts workshops and awareness programs on cybersecurity.

Renowned cyber expert Mr. Rakshit Tandon conducted an interactive session this year, educating students, staff, and parents about safe online behavior, digital footprints, cyberbullying, and preventive strategies. Digital citizenship and ethical use of technology are now integral parts of our curriculum to ensure students are responsible and secure netizens.

## SPIC MACAY Workshop for Silverliners (October 29 2024)

SPIC MACAY has been doing programs in private, rural, remote schools all over the country with its presence in more than 250 districts. It also has collaborations with CBSE, schools.

SPIC MACAY working towards the collective effort of reaching every child and enriching the quality of education by increasing awareness about different aspects of Indian heritage and inspiring the young mind to imbibe the values embedded in it.

## Professional Development of Teachers:

Our recognition as a Google Reference School has empowered teachers to integrate technology meaningfully in their lesson planning and assessments. We believe that a school is only as strong as its educators. Silverline Prestige School invests continuously in the professional growth of its faculty.

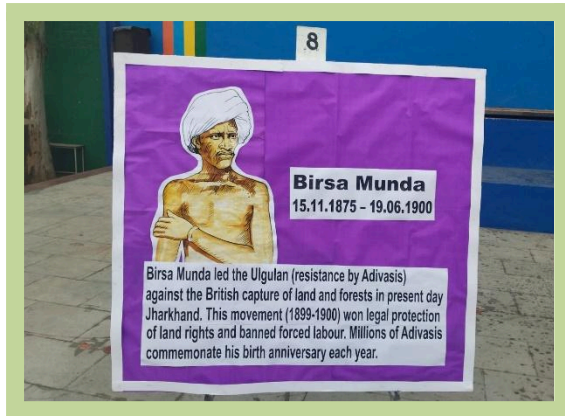

Workshops on NEP 2020, CBSE Capacity Building, NCF-aligned assessment strategies, and AI-enabled teaching methodologies were conducted to keep our faculty future-ready.

We always adhere to the guidelines provided by CBSE from time to time. This includes regular meetings for PTA, SMC, etc., which always provide constructive feedback to us.

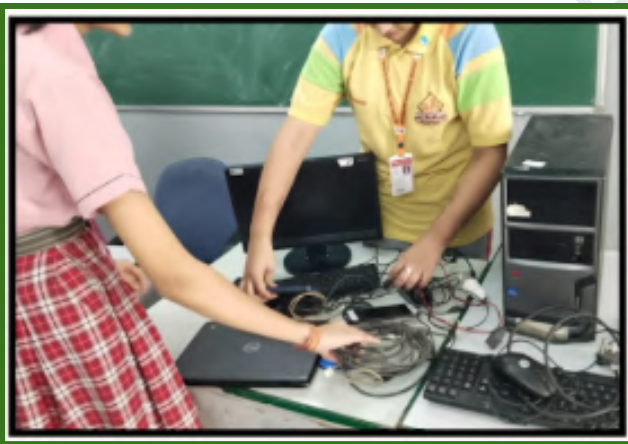

## POCSO Workshop (June 22, 2024)

**Art Competition : (November 12, 2024)**

### Tree Plantation (July 25, 2024):

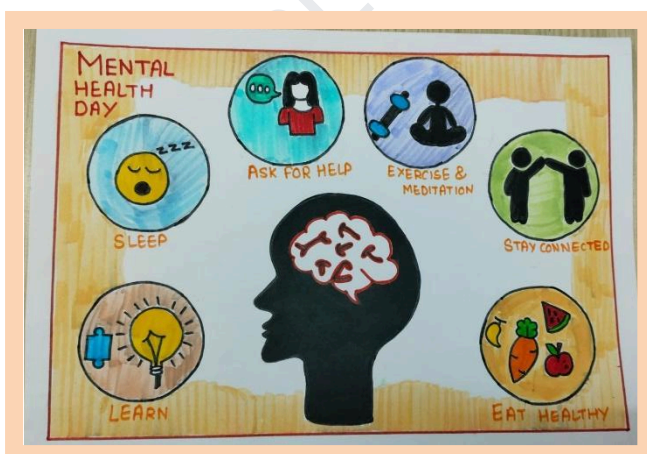

*Gita Joshi*  
Principal  
Silver Line Prestige School  
A-2/1, Buland Shahr Road  
Indl. Area, Ghaziabad-201002 (U.P.)

School students are powerful agents of change. Realizing their impact within the school and beyond, to lead these efforts, we cultivate a generation that is not only knowledgeable but also deeply committed to environmental stewardship. Initiatives like waste reduction campaigns and projects like SANRAKSHAN an energy-saving drive, water conservation, tree-planting projects, and even setting up recycling programs, when spearheaded by students, foster a sense of ownership and responsibility.

### Students' Health Check-up (May 9, 2024)

### Mental Health Day (July 18, 2024)

## Water Day (May 1, 2024)

## Independence Day Celebration

## Republic Day Celebration
